

Elena Ramirez

Role:

Supervisor

Organization:

Large public-sector agency

Department:

Operational Compliance & Investigations

Experience:

8 years in operations, 4 years supervising investigation teams

Background

Elena oversees investigators and active cases. She uses Signaled to assign work, monitor case progress, review findings, and make sure investigations are completed consistently and on time.

Goals

- Balance investigator workloads
- Keep cases moving toward resolution
- Review findings quickly and consistently
- Identify stalled or high-risk investigations
- Maintain visibility across team activity

Quote

“I need a clear view of what my team is working on, what needs attention, and whether each investigation is ready to close.”

Pain Points

- Limited visibility into case progress
- Uneven workload distribution
- Difficulty spotting overdue investigations
- Inconsistent documentation between investigators
- Too much manual follow-up for status updates

Typical Tasks

- Assign and reassign cases
- Review investigator workloads
- Monitor case status and timelines
- Review findings and evidence
- Approve closure or reopen cases
- Review dashboards and team trends
